Summer is the season we've all been waiting for. It's 100 days of high dives, ball games and barbecues. It's 100 ways to dress a burger, catch some shade or get out of town. It's 100 chances to clear the calendar for what's most important.

Every two seconds this summer, someone like you will need blood. Donating is quick and easy, and like all good things this time of year, it's worth celebrating.

What are your summer plans? This summer, there are 100 chances to give hope. Choose your day to help save three lives. Donate blood.

New Penguin Trek Coaster Launches at SeaWorld Orlando

SeaWorld Orlando, renowned as the Coaster Capital of Orlando, is captivating guests once more this spring with its latest attraction Penguin Trek – the park's eighth coaster. This one-of-a-kind family launch coaster offers an exciting adventure through the stunning expanse of Antarctica.

This unforgettable coaster offers an exhilarating ride with two thrilling launches and a labyrinth of twists and turns. It reaches speeds of up to 43 mph as it traverses a 3,020-foot track, both indoors and outside. Once on board, riders will embark on an unforgettable journey aboard this exceptional and immersive themed experience. They will be propelled through the Antarctic wilderness, assuming the roles of intrepid researchers as they navigate the icy expanse on a one-of-a-kind snowmobile ride car. Escaping the clutches of an ice cave, this exhilarating adventure intensifies as riders navigate a treacherous outdoor coaster track.

The coaster's heart-pumping thrills culminate as riders reach the safety of a penguin colony. As the coaster comes to a stop, guests find themselves in the heart of SeaWorld Orlando's penguin habitat. The excitement of the ride seamlessly transitions into a heartwarming encounter with the charming, feathered inhabitants that will be forever etched in their memories. Spectacular Nightly Show *Luminous the Symphony of Us* at EPCOT

EPCOT has always been a park about people and the commonalities that bring them together. A brand new nighttime spectacular, **Luminous the Symphony of Us**, will bring guests together around World Showcase Lagoon and shine a light on the shared experiences that connect people across the globe. With a dazzling display of fireworks, fountains, lights and music, the new show is the perfect finale to a memorable day at EPCOT.

Much like a beautiful piece of music, **Luminous the Symphony of Us** features a series of movements representing common themes of the human experience. Guests can expect to hear new arrangements of iconic Disney hits that enliven the story, including: multilingual arrangements of "You'll Be in My Heart" and "Proud Corazón," classic songs like "You've Got a Friend in Me," a sweeping arrangement of "So Close" from Disney's *Enchanted*, heartfelt renditions of "When She Loved Me," "Remember Me" and "Into the Unknown," a crescendo featuring "I See the Light" from *Tangled*, which launches into the finale. Enveloping these movements are two new, original songs written exclusively for the show: "Heartbeat Symphony" and "Beating of our Hearts."

Disney continues to invest in creating memorable guest experiences through incredible storytelling and dazzling new offerings, including the debut of **Luminous the Symphony of Us** and the opening of **World Celebration Gardens**. Marking another major milestone in the multi-year transformation of EPCOT, the new area will include **Dreamers Point** – where guests can draw inspiration from the new "Walt the Dreamer" statue, which shows Walt later in his life when he was dreaming up the initial concepts for the park and the overall Florida Project.

Central Florida's NBA Team, the Orlando Magic, was almost called the Orlando Juice. By popular vote, "The Magic" won in a contest hosted by *The Orlando Sentinel*. Other name options included "The Heat" and "The Tropics".

Central Florida has hundreds of lakes, many of which are the result of sinkholes. Lake Rose in Winter Park is a sinkhole which formed in 1981, swallowing a home, a Porsche dealership and several other businesses.

Notable Orlando resident and Air Force Command Pilot Joe Kittinger was the first person to cross the Atlantic Ocean alone by gas hot air balloon.

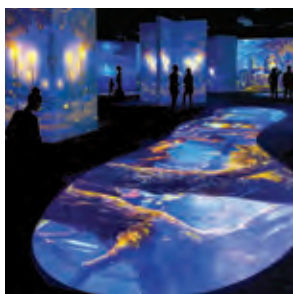

Many famous movies have been shot in Orlando including *Lethal Weapon 3*, a film that includes a scene of the explosion of Orlando's City Hall, which helped fund the cost of its demolition. Other films produced in Orlando include *Sharknado 3*, *Apollo 13*, *Waterboy*, *Jaws* and *Sisters*.

Central Florida is known as the Lightning Capital of America due to the number of fatal hits as well as the density of lightning strikes. Over 20 flashes per square mile occur every year.

Walt Disney World estimates that, since 1971, a staggering 1.65 million pairs of sunglasses have been handed over to its lost and found department.

Dedication Is Key at Clearwater Marine Aquarium

Clearwater Marine Aquarium is dedicated to the rescue, rehabilitation, and release of marine animals. Our mission is to preserve our environment while inspiring the human spirit through leadership in the rescue, rehabilitation, and release of animal life, environmental education, research, and conservation.

Here, our rescued marine animals include dolphins, turtles, river otters, sharks, and pelicans, who live at CMA to help educate visitors worldwide. At CMA, you can visit rescued sea turtles and learn about our sea turtle rescue team, who work every day

to help locate and rescue endangered sea turtles that have been compromised by boat strikes, Red Tide, and other medical issues.

Our Clearwater Marine Aquarium Research Institute (CMARI) team is dedicated to the rescue, release, and tagging of manatees. We have played a crucial role in Florida and Georgia, as well as internationally in Belize, Cuba, and the Dominican Republic, with the tracking and rescue of these endangered animals.

Because of the critical situation with manatees, we are building a manatee critical care center here at our facility. Slated to open in 2024, this facility will allow us to assist in the rehabilitation and eventual release of these majestic animals. The CMARI team has embarked on decades of research on manatees, right whales, rice's whales, and more. See our ad on page 7 for more details.

TRAVEL SAFETY TIPS

- Do not display large amounts of money. Place small amounts in different pockets, or use credit cards or traveler's checks.
- Make copies of your credit cards front and back, and place them in a secured place with your records (room safe). This can be useful if you need to report a lost or stolen card.
- When you return to your hotel, use the main entrance.
- Be wary of solicitors.
- Use reputable places of business for all your transactions.
- Travel in pairs or in groups when possible.
- Always have a meeting place for your children to meet you if separated.
- Small children should always be lead by the hand near busy streets.
- Small children should have their name and phone number marked on their clothes label or the inside of a shoe.
- Use sidewalks and pedestrian crossings.

Florida uses 10-digit dialing, so remember to dial the area code first, then the number.
