Zootopia: Better Zoogether! at Disney's Animal Kingdom

Get ready for an unforgettable adventure at Animal Kingdom park! It all starts at the Tree of Life Theater, where you've arrived just in time for a massive city-wide celebration!

Experience the Zoogether Day Festival

Join your favorite characters and meet some new faces, like the charismatic wolf Heidi Howler. She's your host for the *Zoogether Day LIVE!* broadcast, bringing you all the action with incredible energy and a few enthusiastic howls. Awooooo!

Zoogether Day is all about celebrating the unity between the different districts of this amazing animal metropolis. You'll have a front-row seat to a watch party livestreaming the most spectacular performances from every corner of the city.

A City-Wide Celebration on One Stage

Prepare to be amazed as you watch incredible acts from across Zootopia:

- **Tundratown's Ice-Skating Spectacular:** Witness breathtaking routines straight from the heart of the icy tundra.
- **Marsh Market's Synchronized Swimming:** Be mesmerized by the graceful and perfectly timed aquatic displays direct from the wetlands.
- **Little Rodentia's Drone Show:** Look up in wonder as tiny drone shows light up the sky over the city's smallest district.
- **A Grand Finale with Gazelle:** The party isn't complete without a show stopping musical performance by the one and only superstar, Gazelle!

An Authentic Zootopia Experience

This incredible attraction brings the world of Zootopia to life like never before. You'll hear the familiar voices of Ginnifer Goodwin (Judy Hopps) and Jason Bateman (Nick Wilde), who returned to help create this authentic experience.

The show captures the magic of the original film and the new movie, *Zootopia 2*, now playing in theaters.

Working with the original filmmakers and Disney's talented Imagineers, this show pulls you deeper into the vibrant, bustling world of Zootopia.

Fun for the Whole Herd

The new 4D show at the heart of the Tree of Life is the perfect way to cap off a wild day at Disney's Animal Kingdom. *Zootopia: Better Zoogether!* is more than just entertainment; it's a powerful reminder that our world is deeply interconnected, just like the one in Zootopia.

From Savanna Central to the distant corners of our own beautiful planet, we all have a role to play. The show inspires us to make choices that help our communities and the world around us.

Get ready to slither, crawl, stampede, or swim your way to Disney's Animal Kingdom park. For tickets and info, visit disneyworld.disney.go.com.

WE HAVE FUN DOWN TO A SCIENCE!

Explore four floors of wonder and discovery.

With covered parking and affordable pricing, Orlando Science Center is your go-to destination for fun and education – rain or shine.

Get wild with Life, a massive nature exhibit featuring animals in three immersive habitats.

For tickets and more info, visit www.osc.org.

Experience *Life*: an Exciting Immersive Exhibit Featuring Animals in Their Natural Habitats

Life is an exhibit on nature and conservation, featuring animals and their habitats – the largest and most complex exhibit in **Orlando Science Center's** history. Presented by Dr. Sarah Layton, *Life* tells the story of conservation through the animals that share our planet.

Through direct encounters within immersive environments that simulate various ecosystems and hands-on exhibit experiences, visitors can better understand how their actions affect all living things, both within Central Florida and beyond. We are all connected. *Life* opened recently at Orlando Science Center and is included with general admission.

Animals are the storytellers of *Life's* diverse habitats. The exhibit focuses on three distinct world environments: Rainforest, Ocean and Swamp. These areas feature hands-on experiential learning that vividly demonstrates our own interconnectedness with the natural world. Visitors can engage and be empowered to take positive action to conserve our natural resources and protect our fragile planet.

Orlando Science Center is dedicated to helping create a stronger and healthier world by educating our visitors using iconic exhibit experiences.

Swimming Safety on Your Family Vacation

A vacation is all about sunshine, water, and making unforgettable memories. Whether you're at a resort pool, a water park, or even the ocean, safety should always come first. Start by setting clear rules for your kids. Teach them to *never swim alone*, even in shallow areas, and make it a habit to keep an adult nearby.

Pools can get busy, so remind children to avoid running on slippery surfaces and use designated play zones. At water parks, go over any *height, age, or swimming ability requirements* for slides and attractions to keep the fun mishap-free.

If your family is heading to the beach, take a moment to review ocean safety. Explain the *dangers of riptides* and the importance of swimming in designated areas where lifeguards are present. Show your kids how to identify a rip current and teach them to stay calm and

float if caught in one, signaling for help instead of trying to swim against it. Avoid swimming at dawn or dusk to *reduce the risk of shark encounters*, and always heed local beach warning flags or signs. Also, be aware of the *dangers of lightning* and leave the water immediately if you hear thunder or see a storm approaching to ensure everyone stays safe.

Keep an eye on hydration, as kids often forget to drink enough water while they're having fun. Apply sunscreen generously and reapply it often to prevent sunburn. For younger kids, always use *Coast Guard-approved flotation devices*. Remind your children of the buddy system and encourage them to speak up if they're feeling tired or overwhelmed in the water. With these simple precautions, you can enjoy a safe and joyful Florida adventure your family will cherish forever.

Discover the Magic of Color at Crayola Experience Orlando

Step into a world where creativity knows no bounds at Crayola Experience in Orlando. This one-of-a-kind family attraction is a vibrant playground where the magic of color comes to life through dozens of hands-on activities. It's a place where you can let your imagination run wild, no matter your age.

The adventure begins the moment you walk in. One of the most popular attractions is **Wrap It Up!** where you can name and wrap your very own, personalized Crayola crayon. Imagine creating a unique color and giving it a name that's all your own — a perfect souvenir to remember your visit!

From there, the fun continues with a variety of interactive art stations. At **Drip Art**, you can create a swirly, whirly masterpiece by melting crayon wax onto a spinning canvas. Create one-of-a-kind keepsakes at the newest attraction **Meltdown** where you can paint with glowing melted wax! Then, watch the CrayolaBot sketch YOU in to a cartoon, and color yourself as the hero of your own story at **Cartoon Creator**.

Enjoy the **Crayon Factory Show** where you learn the fascinating science and history behind how crayons are made. You can also sculpt colorful creations at **Modeling Madness** using Crayola's Model Magic compound.

The Crayola Experience is an immersive adventure for the entire family. It offers a chance to explore, create, and play together in a uniquely colorful environment. You'll leave with not only your amazing artwork but also memories that are as bright and cheerful as the crayons themselves. For more info, see our ad on page 9.

How to Keep Florida Beautiful While You're Here

Florida's sunny beaches, charming towns, and natural wonders attract millions of visitors each year. While you're here soaking up the sunshine and experiencing the magic of the state, it's easy to give back and keep Florida beautiful for generations to come.

One simple way to contribute is by helping to pick up litter. Whether you're strolling on the beach, hiking a nature trail, or exploring city streets, take a moment to grab any trash you see and dispose of it properly. Many areas offer trash and recycling bins, so your small acts of kindness can make a big difference in maintaining Florida's pristine landscapes.

Recycling is another big way you can help. When enjoying beverages, snacks, or meals, sort your disposables into recycling bins whenever available. Many Florida beaches and parks have clear signs making it easy to know what goes where. Consider bringing along your reusable water bottles, straws, or tote bags to minimize waste while traveling. Some local restaurants and attractions even have initiatives to reduce plastic and encourage recycling—that's your chance to support eco-friendly businesses! Small changes in your vacation habits can go a long way in keeping the state a model for environmental care.

Another rewarding way to make a difference is by volunteering during your visit. Many local organizations host beach and park clean-up days where you can join fellow nature enthusiasts in removing trash and debris. For a hands-on impact, consider participating in tree and garden planting events, which help beautify public spaces and restore natural habitats. These activities are not only fun, but they also allow you to connect with the local community and make memories while leaving Florida a little more beautiful. Check with local visitor centers to find opportunities near your destination. For more information or to donate, visit keepfloridabeautiful.org.

Safety Guide

TRAVEL SAFETY TIPS

- Do not display large amounts of money. Place small amounts in different pockets, or use credit cards or traveler's checks.
- Make copies of your credit cards front and back, and place them in a secured place with your records (room safe). This can be useful if you need to report a lost or stolen card.
- When you return to your hotel, use the main entrance.
- Be wary of solicitors.
- Use reputable places of business for all your transactions.
- Travel in pairs or in groups when possible.
- Always have a meeting place for your children to meet you if separated.
- Small children should always be lead by the hand near busy streets.
- Small children should have their name and phone number marked on their clothes label or the inside of a shoe.
- Use sidewalks and pedestrian crossings.

Florida uses 10-digit dialing, so remember to dial the area code first, then the number.
